Civics in the Classroom

Saturday, January 12, 2019

9:30 AM

**Palos Heights Library
12501 S. 71st Ave, Palos Heights**

**What Students
are Learning Now**

Sponsored by:

The League of Women Voters of the Palos-Orland Area

Public Act #099-0434 mandated that Illinois public high schools require all students to complete a semester long Civics course by 2017. This course must be offered in addition to any existing US History and/or Government course. Charged with implementing this requirement are the Illinois State Board of Education, Regional Offices of Education and Local School Districts.

Please join us for this meeting to hear about what is now being taught in our classrooms to prepare our students to become engaged citizens in the democratic process. Speakers will include elementary and high school teachers and information about the Civics curriculum.

The League of Women Voters believes this is an important part of preparing citizens to participate in keeping democracy strong and giving every citizen a voice in government.
